Signs of shock - SWEATING; PALE; CYANOSIS

BURNS to right palm and sole of left foot

SUSPECTED DISLOCATION OF left SHOULDER [reference page 184]

History

none

Immediate Action

			Y	N
1.	Did team take charge promptly	5	0	
	Was casualty warned not to move	5	0	
2.	Were hazards identified [itemize]	10	6	3
	[electrical hazard, water spill, slippery]			0
3.	Was electrical hazard prevented prior to any contact	0		-60
4.	Immediate attention given to breathing	10	0	
	Level of consciousness checked (shake/shout)	3	0	
	Breathing checked	3	0	
	Proper Airway Assessment	3	0	
	Was modified jaw thrust used	3	0	
	Breathing Recheck	3	0	
	Two (2) Breaths	3	0	
	Pulse Check	5	0	
	Proper Airway Assessment	3	0	
	Mouth to mouth performed correctly	10	0	
	NOT breathing - regains breathing after team switches care givers twice OR 4 minutes pass.			
	Switch/Relief of ventilator	5	0	
	Pulse and respirations rechecked	5	0	
4a.	Were latex gloves worn during treatment	10	0	
5.	Was head injury suspected	5	0	
	Was immobilization of neck performed	5	0	
6.	Assessment completed	5	0	
	Proper assessment of head	5	0	
	of mouth (odour=none, teeth)	2	0	
	of eyes (equal)	2	0	
	of ears (nothing)	2	0	
	Proper assessment of Spine	5	0	
	Proper assessment of chest	5	0	
	Suspected Shoulder Injury Suspected	5	0	
	Proper assessment of Abdomen	5	0	
	Proper assessment of Legs	5	0	
	Electrical Exit Wound Found	5	0	
	Proper assessment of Arms	5	0	
	Electrical Entry Wound Found	5	0	
	Identification of Medic Alert Check	5	0	
7.	Attempt made to ensure no further danger	5	0	

Secondary Action

8.	Treatment of left shoulder, sling & support	15	0	
9.	Treatment of electrical burn to right palm	15	0	
	[covered with dry dressing]			
10.	Treatment of electrical burn to left foot [covered with dry dressing]	15	0	
11.	Treatment for Shock [OVER and UNDER] (substitute with FOIL blanket!!!)	20	0	
12.	Casualty placed in recovery position -OR- airway physically maintained	10	0	
13.	Monitoring of breathing considering condition	5	0	
	of pulse considering condition	5	0	
14.	Charting			
	Patient Information (nametag, etc)	10	0	
	Incident History (injuries, incident history)	10	5	0
	Treatments accurately recorded	10	0	
	Observations, extra effort to document	10	0	
	Medical History documented [noting that medical history was not available]	5	0	
	TPR [110 irregular, 24 shallow/irregular]	5	0	
	[90 regular, 20 shallow/irregular]	5	0	
	All Vitals recorded	10	0	
15.	Statement made: would NOT MOVE patient	10	0
