

- c) swallowed or inhaled a poison.
- 8. *What to do id an animal bites you or another person.*
- 9. *Environmental emergencies - What should be done for:*
  - a) frost bite
  - b) hypothermia
  - c) heat exhaustion and heat stroke.

**DURATION**

As necessary.

**CERTIFICATION**

- 1. Assist in the teaching of at least two (2) full courses; and
- 2. Be the principal course leader in at least one (1) full course under supervision.

The instructor/evaluator must be satisfied that the Cadet/Crusader meets with the person responsible for the youth group beforehand to identify their actual needs. It is also hoped that the group will seek further St. John First Aid Training and should be encouraged to do so.

Instructors/Evaluators should carefully consider the age, ability and accessibility to resource materials of each candidate.

The Cadet/Crusader has completed the above content and met the requirements to the satisfaction of the Instructor/Evaluator.
