**RE: 2002 International Cadet First Aid Competition - Ontario Results**

---

It is with great pleasure that I congratulate the twenty Cadet teams who participated this year in this annual International event. While it will be a number of weeks before we receive the International results; I am pleased to announce our Provincial results at this time. I hope that all divisions participating this year will advocate to others the importance of participating in training events like this one and urge others to join us next year.

Congratulations to all of our participating teams! In recognition of their distinguished effort, I would like to publicly recognize the top five Ontario teams and wish 1037 Agincourt Cadets - Team 2 well as we wait for our International standings. Only a twenty-seven point spread separated our 1<sup>st</sup> and 5<sup>th</sup> place finishers; congratulations to all!

I would remind all divisions that CadetsOnline.ca (<http://www.sja-ontario-cadets.org>) contains a collection of digital photos taken of this event and CadetsOnline.ca will always welcome additional photo submissions from Divisions and Districts. This years competition problem set will also be posted online after December 1<sup>st</sup> along with the existing archive of problem sets to provide all divisions with lots of practice problems for their training and preparation for next year. I urge you to get a copy of Adobe AcrobatReader so that you can take full advantage of all of our resources available online.

CadetsOnline.ca had a service interruption for a few days this past month due to a major server failure by our site's Service Provider. CadetsOnline.ca was moved to a new server and has reestablished itself online. Thanks to all who wrote us indicating their concerns and worries about its return! We plan to redesign the structure of CadetsOnline.ca now that we are on a new server and hope that all members concerned will visit our site and register online as a member of the site; as this will provide you with additional features not found on our last site.
