Volunteers (Revised)**

---

A revised set of St. John Canada Instructions (StJCI): Part 2 – Volunteers has been issued.

As you are already aware, Brigade General Regulations (1988) has been replaced by StJCI: Part 2.

The table of contents in the instructions identifies all the chapters to be included in StJCI: Part 2.

The revised instructions go into effect immediately. Those instructions that impact on the way that Brigade Units in Ontario operate have been reviewed and associated Provincial Commissioner's Directives were previously distributed.

Contact Council's stores department for copies. If you need further clarification, please contact me.
